

# Kindergarten News

March 2, 2009

Dear Families of Room 6,

I hope that each of you had a nice weekend! The next couple of weeks will be a very busy time for us as we prepare for our Open House event that will be held on the evening of Wednesday, March 11, 2009 from 6:00 - 8:00 pm. I hope to see all of you there. This is a fun event where your child can show you all of the hard work that they have completed within our class. I am so proud of all of the tremendous progress that all of the students have made.

This week we will continue our diversity theme. We will also begin our Farm/Animal study as we learn all about various farm animals. The letter/sound of the week is A, so please have your child bring an item that begins with the letter A for sharing on Friday afternoon. In math, we will continue to focus upon counting, graphing and we will begin solving addition facts to 5.

As always, feel free to contact me if you have any questions at (559)327-8200 and please have your child return their homework packet by Friday.

--Teacher Barbara

## Homework

### Monday:

1. Practice tracing and writing your name.
2. Practice tracing your numbers 1-20.

### Wednesday:

1. Practice tracing uppercase letters.
2. Complete the letter sound review worksheet by circling the letter that each picture begins with the letter A.

### Tuesday:

1. Complete the School-Home Links page 6.
2. Complete the Shape Color and Graph Worksheet.

### Thursday:

1. Choose one of the following: practice letter identification or practice saying the sounds that letters make.
2. Complete the sight word worksheet. Fill in the blanks with the word that best finishes the sentence.
