March 9, 2009

Dear Families of Room 6,

I hope that each of you had a nice weekend! Spring is just around the corner, and we are busily preparing for Open House to be held on Wednesday, March 11 from 6:00 - 8:00 pm. This is a fun event where your child can show you all of the hard work that they have completed within our class. I will also be showing a slide show of pictures that I have taken throughout the school year. I hope to see all of you there!

This week we will continue our Farm/Animal study as we learn all about various farm animals. We will be reviewing letter sounds this week. In math, we will continue to focus upon counting, graphing and solving addition facts to 5.

As always, feel free to contact me if you have any questions at (559)327-8200 and please have your child return their homework packet by Friday.

--Teacher Barbara

## Homework

### Monday:

1. Practice tracing and writing your name.
2. Practice tracing your numbers 1-20.

### Wednesday:

1. Practice tracing your letters.
2. Complete the letter sound review worksheet by circling the letter that each animal begins with and then coloring the animals.

### Tuesday:

1. Complete the School-Home Links page 7.
2. Complete the Duck dot-to-dot.

### Thursday:

1. Choose one of the following: practice letter identification or practice saying the sounds that letters make.
2. Complete the sight word worksheet. Fill in the blanks with the word that best finishes the sentence.
